## **1. GENERAL**

Thank you for purchasing a LETECH quality product. Through state-of-the-art production facilities, constant checks and regulated processes, we ensure that only flawless products leave our production.

### **1.1 SAFETY INSTRUCTIONS**

Work on the vehicle may only be carried out by trained specialists.

Work on the vehicle electrical system may only be carried out by specialists with appropriate electrical and electronic knowledge.

Before working on the vehicle electrical system, disconnect the battery.

Use suitable hoists and tools when preparing and assembling the LETECH tailgate table.

In general, the safety requirements of the respective workshop or country must be observed.

## **2. ASSEMBLY**

1. Remove the tailgate trim and place it on a table.
2. Place the tailgate table on the tailgate trim as a template and cut a section for the tailgate table in the trim (using a suitable tool).
3. Refit the tailgate trim.
4. Adjust the holes in the tailgate and insert threaded inserts into the original holes.
5. Fit the tailgate table.
